Hi Year 1 children,

We are half way through the week! I hope you are enjoying learning about Spectacled Bears in Peru.

On this plan you will find today's virtual Maths, Phonics and Handwriting. In Maths yesterday you learnt about partitioning numbers, today is all about comparing numbers. In Phonics you are learning the digraph 'ue' as in "blue" and for handwriting we are learning how to write some more tricky words which will help you with your spelling.

<p>Maths</p> <p>Mental Maths- 10 mins</p> <p>Maths activity- 15 mins</p>	<p>Click on the picture to take you to today's Maths video.</p>  <p>The screenshot shows a video player interface. At the top, it asks 'What can we use to compare numbers?'. Below this, there are two boxes: 'Less than' with a blue less-than sign (&lt;) and 'Greater than' with a red greater-than sign (&gt;). Below these, there are two examples: '96 is Greater than 94' with a red greater-than sign, and '38 is Less than 83' with a blue less-than sign. To the right of these examples is a 10x10 grid of numbers from 1 to 100. The number 38 in the grid is highlighted in yellow. At the bottom left of the video player is a play button icon and a timestamp of 08:51. At the bottom right are settings and full-screen icons. A small logo for 'White Rose Maths' is in the top right corner of the video frame.</p> <p>The tasks for today will be added as a separate file.</p> <p>For the 1<sup>st</sup> question you can either draw which one is right (drawing a vertical line for a ten) or you could record the answer in your book as 'a', 'b' or 'c'.</p>
<p>Phonics 15 mins</p>	<p>In today's Phonics you are learning about the "ue" digraph as in the word "blue". Are you ready?</p>
