

Thursday 7th January 2021

Hi,

See today's plan below. There are a few YouTube links which are teaching videos to watch.

Mrs Hoddy

Maths

(20 minutes)

We are starting today's Maths with a song. See teacher video below:

<https://youtu.be/Vrto6DvYtBg>

You could also sing this song!

Today we are learning to add by making 10.

If you are unsure of your number bonds to 10 today, use this picture below to help you:

Teaching video: <https://youtu.be/QhwbYpxg2D0>

After watching the video use your homemade tens frame/ or the pdf tens frame to find the answer to these number sentences:

$9+4=$

$6+8=$

$7+8=$

$8+6=$

$5+7=$

$3+9=$

Extension: You could use a ruler or draw a number line for this challenge.

Mo has used a number line to calculate $6 + 8$

I partitioned 8 into 4 and 4 to make it easier.

Use Mo's method to calculate:

$5 + 8 = \square$

$9 + 4 = \square$

$6 + 8 = \square$

Handwriting

Remember you do not have to use a pencil or pen today. You could use flour, sand, mud, sticks, oats or a brush and water.

Can you practice the letter o?

Write the letter, words and a sentence. Make sure you are making your tall letters tall, your long letters long and you are trying to keep your letters the right size. If your child struggles to form letters, practice writing in the air and carpet and show them how to write it first.

Try writing:

o

octopus

to

school

The octopus went to school.
